Squirrels have Wowed Miss Nel and myself with their diary writing. Fantastic ideas and great use of vocabulary. Well done!

Badgers have very much enjoyed their space theme this term. They have also taken a great interest in learning about all the different countries that the members of badgers class have come from and celebrating everyone's cultures.

Online Safety - Please continue to talk to your children about the games and apps they are using online. Google have five fundamentals of their internet code to be an Internet Legend. See below

for one of them. Many children have been talking about squid games and duggy wuggy. There are videos on YouTube. These are not nice games and I would block them if they appear on your children's phones or tablets. Please keep that open conversation with your children. https://beinternetawesome.withgoogle.com/en_uk/

BE INTERNET ALERT

Don't Fall for Fake

It's important to help kids become aware that people and situations online aren't always as they seem. Discerning between what's real and what's fake is a very real lesson in online safety.

Know the Signs of a Potential Scam

- If statements about “winning” or getting something for “free” feel too good to be true, they most likely are.
- Fair exchanges shouldn't involve giving away any personal information.
- Always think critically before acting online and learn to trust your intuition. Be on guard for phishing attempts—efforts to steal information like login or account details by pretending to be a trusted contact in an email, text, or other online communication.

Remember, primary-age children should be supervised at all times when online.
