

<p>Geography Can you find Brazil on a map of the world of globe? Point out the equator - how does it affect the weather in Brazil? Which countries are the closest to Brazil?</p>	<p>Art Look at pictures of different plants and cacti from South America. Choose one of your favourites and draw or paint it. Which colours will you choose? Why?</p>		<p>Science Choose a South American animal. Draw the animal and label the different parts of its body. Write a factfile about the animal - what does it like to eat, where does it live?</p>
<p>English Animal alphabet. Can you write the letters of the alphabet in order? Can you think of a different animal whose name starts with each letter of the alphabet? A - armadillo B - bear C - ...</p>	<p>Animals Hedgehogs Home Learning Term 4</p> 	<p>English Share the story 'Oi Frog!' at home. Choose some different animals, maybe ones from South America. Can you think of anything for them to sit on - remember it needs to rhyme with the animal's name! https://www.youtube.com/watch?v=2da5yu6rpdg</p>	
<p>Maths We have been practising making equal groups of objects. Choose a selection of objects (or sweets!). Can you make them into equal groups? Can you represent the equal groups as an array?</p>	<p>Free Choice! Create anything you would like or find out anything else you would like to. This might be linked to something we have done in class or it could be something that you are really interested in. You can show this however you like - painting, model, writing... It's up to you!</p>	<p>Music Listen to some different music from South America. How does it make you feel? Can you clap along to the pulse of the music? Can you dance to the music? Are your movements fast or slow?</p>
