

# Home Learning Term 1

# Road Trip

# USA!

This term we will be learning about life in North America and the similarities and differences with our own lives in the UK. Our focus for the topic will be geography and so with that in mind, your home learning for this term is to plan a road trip in North America.

Our class book is "The boy who biked the world 2: The Americas." Do you think you will visit the same places as him?

Where you go is up to you. Where will you start? Where will you finish? What will you see along the way? How long will your trip be?

Here are some ideas that you may want to include.

- Create a poster to advertise a particular destination
- Produce a fact file
- Make a model
- Create a collage
- Produce a leaflet/holiday brochure
- You may even want to create your own video about your planned trip.
- Use Google maps or any other app to help calculate your mileage and also the best routes. These could also be highlighted on it.

We are excited to hear all about the trip that you have planned.

Remember, this is your project and it is up to you where you go and what you see.
