

<p>Geography Can you find Brazil on a map of the world of globe? Point out the equator - how does it affect the weather in Brazil? Which countries are the closest to Brazil?</p>	<p>Art Look at pictures of different plants and cacti from South America. Choose one of your favourites and draw or paint it. Think about what we have been learning about primary and secondary colours.</p>		<p>Science Choose a South American animal. Draw the animal and label the different parts of its body. Write a factfile about the animal - what does it like to eat, where does it live?</p>
<p>English Animal alphabet. Can you write the letters of the alphabet in order? Can you think of a different animal whose name starts with each letter of the alphabet? A - armadillo B - bear C - ...</p>	<p style="text-align: center;">Hedgehogs Home Learning Term 4</p>  <ol style="list-style-type: none"> 1. Read your levelled reading book at home - books will be changed when they have been read at least twice to develop fluency 2. Numbots - play for 15 minutes across the week - can you collect any new parts for your robot? 	<p>English We have been thinking about going on a journey. If you went on a journey, where would you go? What would you see? Write the story of your own adventure. Can you use some of the story language we have been using in class? First, then, next, suddenly, finally.</p>	
<p>Maths We have found out about Shrove Tuesday and how it marks the start of Lent. Find a recipe to make at home and practice using the scales to weigh items carefully.</p>	<p style="text-align: center;">Understanding Beliefs</p> <p>We are now in the time of Lent, which marks the days and nights before Easter for Christians. Traditionally, Christians give something up for Lent. Instead of giving something up, can you think of any things you can do to help others at home or at school during Lent? Take a photo, draw a picture or write a sentence to share what you choose to do to help someone else.</p>	<p>Music Listen to some different music from South America. How does it make you feel? Can you dance to the music? Are your movements fast or slow?</p>
