

<p>History We are going to be finding out about a significant individual called Charles Darwin. Can you find out at least three facts about him and what he discovered?</p>	<p>Art This term we are going to be exploring sculpture. Create your own sculpture of an animal or mythical creature (unicorn, dragon, troll?). What will it look like?!</p>		<p>Science Choose an animal or mythical creature. Draw it and label the different parts of its body. Write a factfile about the animal - what does it like to eat, where does it live?</p>
<p>English Animal alphabet. Can you write the letters of the alphabet in order? Can you think of a different animal whose name starts with each letter of the alphabet? A - armadillo B - bear C - ...</p>	<p>Animals / Mythical Creatures Hedgehogs Home Learning Term 5</p> 		<p>Free Choice! Create anything you would like or find out anything else you would like to. This might be linked to something we have done in class or it could be something that you are really interested in. You can show this however you like - painting, model, writing... It's up to you!</p>
<p>Maths We have been practising making equal groups of objects. Choose a selection of objects (or sweets!). Can you make them into equal groups? Can you represent the equal groups as an array?</p>	<p>Every week</p> <ol style="list-style-type: none"> 1. Read your levelled RWI reading book. Aim to read at home at least 4 times a week and read each book at least twice to develop your fluency. 2. Bring your reading book into school every day so it is available to share with an adult. 3. Numbots - can you practice at home and reach a higher level? Aim for at least 15 minutes every week. 		<p>Music Listen to some different music. How does it make you feel? Can you clap along to the pulse of the music? Can you dance to the music? Are your movements fast or slow? Can you move like different animals?</p>
