

Foxes Class Home Learning – Ancient Civilisations

This term, we are learning about Ancient Civilisations in History and discovering what life was like thousands of years ago. Below are some activities you can complete at home to explore our topic further.

Choose at least 3 activities to complete during the term. Have fun!

A Home Long Ago: Draw or make a model of a home from an ancient civilisation. Think about what it might have been made from and what you might find inside.

Why Live Near a River?: Draw a river and show at least three ways it could have helped people living in an ancient civilisation, such as providing water, food or transport.

Ancient Market: Imagine you are visiting a busy market thousands of years ago. Draw and label at least five things you might see being bought or sold.

Write in Hieroglyphics – Use a hieroglyphic alphabet to write your name or create a secret message for someone to decode.

Design a Pharaoh – Draw your own Egyptian pharaoh. Design their clothes, jewellery and headdress and add colour and detail.

Ancient Dinner: Find out about some of the foods people ate in an ancient civilisation. Design a meal or menu using what you discover.

Be an Archaeologist: Find a picture of an ancient artefact. Draw it and write what you think it was used for and what it can tell us about life in the past.

Where in the World?: Find Egypt on a world map. Draw or print your own map and see if you can label **Egypt, the United Kingdom and the River Nile**.

Create Your Own: Have your own idea? Create, draw, build or write something linked to our learning about Ancient Civilisations.

Remember, you also have TTRockstars!

Please bring your home learning books into school during the last week of term so we can share and celebrate all of your hard work together! I'm looking forward to taking a look.

Thank you all for your continued support.

Miss Khattak
